

APPLICATION FORM

CHRONIC MEDICINE RISK MANAGEMENT PROGRAMME

Important to note:

- Please book time with your doctor in order for him/her to examine you and complete this form. The ideal person to do this is the GP who regularly prescribes your medication. Please keep a copy of the completed form for your records.
- Members may obtain their approved chronic medication from the Transmed pharmacy network i.e. Clicks, Dis-Chem, Medirite (Shoprite/Checkers pharmacy) and contracted independent pharmacies. A co-payment may apply for using a non-network pharmacy. Visit the Fund's website at www.transmed.co.za (PATH: Member centre > Healthcare Providers) to view the full pharmacy network list.
- Member/patient signature on this form is essential to process this application.
- You will be informed in writing, should you be accepted onto the Chronic Medicine Risk Management Programme. You will receive a chronic authorisation letter which will list the diagnosis you are registered for as well as the medication that will be paid from the chronic benefit subject to the rules of your benefit option.

How to complete this form:

- Complete the form in black ink and print clearly, or complete the form digitally.
- All relevant sections must be physically signed and cannot be signed digitally. The patient must sign and date any changes.
- Complete and sign sections 1 and 4.
- Take the application form to your doctor to complete section 2 and other relevant sections, sign and attach any test results, clinical reports or other information that we need to review the request. These requirements are shown in section 6.
- Send the completed application form and all supporting documents by email to chronic@transmed.co.za, or by post to Chronic Medicine Risk Management Programme, PO Box 15079, Vlaeberg 8018.

PLEASE USE BLOCK LETTERS FOR ALL SECTIONS

1. MEMBER AND PATIENT INFORMATION (CONTINUED)

TO BE COMPLETED BY APPLICANT (CONTINUED)

Member consent

I understand that Transmed Medical Fund and Momentum Health Solutions, the Administrator, will maintain the confidentiality of my personal information and comply with the Protection of Personal Information Act 4 of 2013 (POPIA) and all existing data protection legislation, when collecting, processing and storing my personal information for the purposes of registration on the Chronic Medicine Risk Management Programme.

I understand that:

- Funding from the chronic benefit is subject to meeting benefit entry criteria requirements as determined by the Fund.
- The chronic benefit provides cover for disease-modifying therapy only, which means that not all medication for a listed condition will automatically be covered by the chronic benefit.
- By registering for the chronic benefit, I agree that my condition may be subject to disease management interventions and periodic review and that this may include access to my medical records.
- Funding for medication from the chronic benefit will only be effective once the Fund receives an application form that is completed in full. Please refer to the table in Section 6 to see what additional information is required to be submitted for the condition(s) for which you are applying.
- Payment to the healthcare professional for the completion of this form, on submission of a claim, is subject to Fund rules and where the member is a valid and active member at the service date of the claim.
- I agree to my information being used to develop registries. This means that you give permission for us to collect and record information about your condition and treatment. This data will be analysed, evaluated and used to measure clinical outcomes and make informed funding decisions.
- To ensure that we pay your claims from the correct benefit, any claims from your healthcare providers must include the relevant ICD-10 diagnosis code(s). Please ask your doctor to also include the relevant ICD-10 diagnosis code(s) on the referral form for any pathology and/or radiology tests. This will enable the pathologists and radiologists to also include the relevant ICD-10 diagnosis code(s) on the claims they submit, thus further ensuring that we pay your claims from the correct benefit.

Consent for processing my personal information

1. I hereby acknowledge that Transmed has appointed Momentum Health Solutions (Pty) Ltd as the administrator of the programme and that any prescribed medical treatment shall be the sole responsibility of my medical practitioner. I understand that the information provided on this form shall be treated as confidential and will not be used or disclosed except for the purpose for which it has been obtained.
2. I hereby give my consent to the Fund, Momentum Health Solutions and its employees to obtain my, or any of my dependants', special personal information (including general, personal, medical or clinical), whether it relates to the past or future (e.g. health and biometric) from my healthcare providers (e.g. pharmacist, pathologist, radiologist, treating doctor and/or specialist) to assess my medical risk, enrol me on the programme and to use such information to my benefit and to undertake managed care interventions related to my chronic condition(s).
3. I understand that this information will be used for the purposes of applying for and assessing my funding request for chronic benefits.
4. I give permission for my healthcare provider to provide the Fund and the administrator with my diagnosis and other relevant clinical information required to review and process my application.
5. I consent to the Fund and the administrator disclosing, from time to time, information supplied to them (including general, personal, medical or clinical) to my healthcare provider, to administer the chronic benefits.
6. Whilst Momentum Health Solutions undertakes to take all reasonable precautions to uphold the confidentiality of information disclosed to it, I am aware that the Fund and my healthcare provider (where necessary) shall also gain access to the same information. I shall therefore not hold Momentum Health Solutions and its employees or the Fund and its trustees, liable for any claims by me or my dependants arising from any unauthorised disclosure of my special personal information to other parties.
7. I understand and agree that special personal information relevant to my current state of health may be disclosed to third parties for the purpose of scientific, epidemiological and/or financial analysis without disclosure of my identity.

I hereby certify that the information provided in this application is true and correct.

5. PATIENTS WITH HYPERLIPIDAEMIA (CONTINUED)

The reimbursement of lipid-modifying therapy for primary prevention is reserved for patients with a greater than 20% risk of an acute clinical coronary event in the next 10 years. This funding decision is in accordance with local and international guidelines for the management of hyperlipidaemia.

Registered starting doses of lipid-modifying drugs and incremental dosage increases will be considered. Higher dosages will be considered on motivation. Kindly consider a less costly alternative, e.g. generic atorvastatin.

Requested drug and dose

Funding of ezetimibe is limited to those very high-risk patients not reaching an LDLC of ≤ 3.0 mmol/l despite at least two months' compliance with maximum dose standard therapy e.g. rosuvastatin titrated to 40mg daily.

Requests for the funding of ezetimibe must be accompanied by a motivation.
