# 2026 BENEFITS GUIDE

## WORKING MEMBERS AND PENSIONERS

LINK PLAN  
SELECT PLAN

### **Welcome to Transmed Medical Fund's 2026 benefits guide.**

This guide explains the different benefit plans and benefits and how to access them. Please read the guide carefully and keep it safe for future reference. To make it easier for you to find what you are looking for in the guide, please follow our easy-to-read colour codes.

The 2026 benefit and contribution changes come into effect once approved by the Council for Medical Schemes.

*This guide does not replace the rules. The registered rules are legally binding, always take precedence and are available on request or on the Transmed website at [www.transmed.co.za](http://www.transmed.co.za).*

## HOW TO CHANGE YOUR PLAN FOR 2026

This guide provides the process to follow should you wish to change your plan for 2026. A plan selection form has been enclosed. The form also contains a section to update your personal and contact details, which will enable the Fund to update our records and communicate effectively with you. The completed form must reach us by no later than **31 December 2025**.

You can also change your benefit plan telephonically by calling **0800 450 010**. Remember to have your membership and ID numbers at hand to use this service. Should you need to update only your personal details without changing your plan, you are welcome to complete the relevant sections of the plan selection form and return it to **membership@transmed.co.za**.

Plan changes may only be made once a year before 1 January and take effect at the start of each year. Members therefore need to carefully consider the information provided in this guide in order to choose an appropriate benefit plan.

The following are a few points to consider before choosing a benefit plan for 2026:

- Review your current and future medical needs and those of your registered dependants.
- Compare the different benefit plans in light of these medical needs to determine the most suitable plan.
- Consider if you want to remain on your current benefit plan or if you need to consider an alternative benefit plan.
- Consider both the affordability of the increased contribution for the next twelve months (in case of a plan upgrade) and the impact of more restricted benefits (in case of a plan downgrade).
- Complete and submit your plan selection form (if applicable) to reach the Fund by no later than **31 December 2025**.

**Please note that you do not need to submit the plan selection form if you want to remain on your current benefit plan or have already changed it telephonically, except if you need to update your contact details.**

# KEY TO GENERAL TERMS USED IN THIS BENEFITS GUIDE

*	Transmed rate	The Transmed rate is the fee payable for a benefit year in respect of a specific tariff or service
*1	Day-to-day services	The day-to-day benefit covers all routine services received out of hospital, other than those covered from insured benefits in terms of an authorisation or other defined benefits or limits
*2	Benefit year	A benefit year is the 12-month period for which benefits are valid and runs from January to December
*3	Lifetime benefit	A lifetime benefit is the benefit amount allowed for a specific treatment per lifetime while registered as a beneficiary
*4	Medicine formulary	This is a list of medication that the Fund will cover in full (subject to applicable clinical protocols)
*5	Reference price	The reference price is the maximum price that the Fund will pay for a specific class of medication
*6	PMBs	Prescribed minimum benefits (PMBs) are a set of defined benefits to ensure that all medical scheme members have access to certain minimum health services, regardless of the benefit option they have selected
*7	Co-payment	A co-payment is a fee that is payable by a member directly to a service provider and is calculated as the difference between the price charged by the member's chosen service provider and the price negotiated with the designated/preferred service provider
*8	Fund exclusions	<p>Services, procedures and consumables that are not covered by Transmed:</p> <ul style="list-style-type: none"> <li>• Accommodation in old age homes, frail care centres or similar institutions</li> <li>• All costs for operations, medicines, treatment and procedures for cosmetic or psychological purposes</li> <li>• All costs for operations, medicines, treatment and procedures related to weight reduction</li> <li>• Operations to reverse a sterilisation</li> <li>• Artificial insemination (GIFT or similar procedures)</li> <li>• Patent food, including baby food</li> <li>• Slimming preparations</li> <li>• Household remedies or preparations and herbal and natural remedies</li> <li>• Aphrodisiacs</li> <li>• Cosmetic soaps, shampoos and other topical applications</li> <li>• Sun screening and sun tanning agents</li> <li>• Cosmetic preparations, medicated or otherwise</li> <li>• Contact lens preparations</li> <li>• Holidays for recuperative purposes</li> <li>• Vitamin and mineral supplements</li> </ul>
*9	UPFS	The uniform patient fee schedule is the tariff structure applicable to State hospital facilities
*10	OTC	Over-the-counter medicine can be prescribed and dispensed by your pharmacist without a doctor's prescription

## SUMMARY OF NETWORKS AND DESIGNATED SERVICE PROVIDERS

*11	DSP	A designated service provider is contracted by the Fund to provide certain treatment or services to members at a negotiated/preferred tariff
*12	Transmed private hospital network	<p>The private hospital network consists of Netcare, Mediclinic, Life Healthcare and the National Hospital Network (NHN) groups; network list available at <a href="http://www.transmed.co.za">www.transmed.co.za</a></p> <p><b>Select plan:</b> Transmed has negotiated a preferred rate with the private hospital network for specific admissions outlined in the benefit schedule</p>
*13	Transmed pharmacy network	<p>A network of pharmacies that Transmed has negotiated preferred rates with:</p> <ul style="list-style-type: none"> <li>• Clicks pharmacy group</li> <li>• MediRite pharmacy group (pharmacies in Shoprite/Checkers stores)</li> <li>• Dis-Chem pharmacies</li> <li>• Contracted independent pharmacies</li> </ul>
*14	Universal Healthcare network	This is a network of providers that has been contracted to deliver a specific service to members on the <b>Link plan</b>
*15	ICON	The Independent Clinical Oncology Network is a network of oncologists that is the contracted DSP for cancer treatment
*16	DENIS	DENIS is contracted to manage dental benefits, including dental claims processing, on the <b>Select plan</b>
*17	PPN	Preferred Provider Negotiators is contracted to manage optical benefits, including optical claims processing, on the <b>Select plan</b>
*18	OMG	The Ophthalmology Management Group Limited is a network of ophthalmologists that is the contracted DSP for cataract surgery on all plans
*19	Universal Healthcare private hospital network	The private hospital network is contracted by Universal Healthcare for private hospital treatment for members on the <b>Link plan</b>

## **DAY-TO-DAY BENEFITS**

### **LINK PLAN**

Members will receive their day-to-day services through the Universal Healthcare network<sup>14</sup>. This includes all general practitioners (GPs) and pharmacies and dental and optical services.

You can find details of your nearest network provider by calling Universal on **0861 686 278**.

### **SELECT PLAN**

Dental and optical services are paid for from the respective dental and optical benefits. All other day-to-day services (except for services covered on an authorised PMB<sup>6</sup> treatment plan), are paid for from the day-to-day limit. Members may use any registered healthcare or service provider of their choice, except for dental and optical services, which are managed by the contracted providers.

# HOSPITAL BENEFITS

## LINK PLAN

This plan provides hospital benefits for PMB<sup>6</sup> conditions at State hospitals, the DSP<sup>11</sup> for hospital services.

Members can utilise private facilities, subject to pre-authorisation, for the following admissions:

- admissions for emergency treatment in case of an accident or trauma
- admissions of children between the ages of one and 12 years for PMB<sup>6</sup> conditions
- admissions for selected non-PMB conditions, e.g. functional endoscopic sinus surgery, tonsillectomies and adenoidectomies, sterilisations, strabismus (squint eye) repair and vasectomies.

## SELECT PLAN

This plan provides hospital benefits for both PMB<sup>6</sup> and non-PMB conditions at State hospitals, the DSP<sup>11</sup> for hospital services.

Members can utilise private facilities, subject to pre-authorisation, for the following admissions:

- admissions for maternity
- admissions for children under 12 years for PMB<sup>6</sup> conditions
- admissions for medical emergencies, accidents or trauma
- admissions for psychiatric treatment
- admissions for certain dental procedures
- admissions for selected non-PMB conditions, e.g. functional endoscopic sinus surgery, tonsillectomies and adenoidectomies, grommets, sterilisations, strabismus (squint eye) repair and vasectomies
- admissions related to cancer treatment
- admissions for cataract surgery.

## TRANSMED MEDICAL FUND RATE (TRANSMED RATE)

The Transmed rate\* is the tariff that is payable in a benefit year in respect of a specific tariff or service. If a member uses a service provider outside the DSP<sup>11</sup> network or who charges fees in excess of the Transmed rate\*, the member may be responsible for making a co-payment<sup>7</sup>. It is therefore in a member's best interest to use network providers or to negotiate with non-contracted healthcare practitioners to charge the Transmed rate\*.

## 2026 CONTRIBUTIONS

## Additional benefit

**Free access to Hello Doctor, a mobile phone-based service that gives you access to doctors 24 hours a day, 7 days a week.**

You can get expert health advice from qualified South African medical doctors through your phone, tablet or computer, at absolutely no cost to you!

**Just download the app, request a call and the doctor will phone you back within an hour.**

Refer to page 27 for more information.

## ANNEXURE A: EARLY DETECTION BENEFIT

Screening test	Related condition	Frequency
Health-check benefit*: <ul style="list-style-type: none"> <li>• Cholesterol (finger prick)</li> <li>• Glucose (finger prick)</li> <li>• Blood pressure</li> <li>• Body mass index</li> </ul>	Cholesterol Diabetes mellitus Blood pressure	One test for all beneficiaries over the age of 25 per year
Total cholesterol (lipogram)	High cholesterol	One test for all beneficiaries over the age of 25 per year
Glucose (finger prick)	Diabetes mellitus	One test for all beneficiaries over the age of 25 per year
Prostate-specific antigen (PSA) level	Prostate cancer	One test for males over the age of 45 per year
Pap smear	Cervical cancer	One test for females over the age of 18 per year
Mammogram	Breast cancer	One test for females over the age of 40 every two years
Faecal occult blood test (FOBT)	Colon cancer	One test for all beneficiaries over the age of 50 per year
Quantitative polymerase chain reaction (qPCR)	HIV - newborns	Once in a lifetime
HIV finger-prick screening test	HIV	All beneficiaries

\* Available at DSP pharmacies providing clinic services

## ANNEXURE B: ORTHOPAEDIC, SURGICAL AND MEDICAL APPLIANCES

Appliances	Limits (per beneficiary)
1. Wheelchairs (subject to clinical criteria) Non-motorised wheelchair <b>OR</b> Motorised wheelchair	R9 900 (once every five years)
2. Hand prosthesis	R10 000 (once every two years)
3. Arm prosthesis – below elbow	R26 000 (once every two years)
4. Arm prosthesis – above elbow	R120 000 (once every two years)
5. Above knee prosthesis	R150 000 (once every two years)
6. Below knee prosthesis	R120 000 (once every two years)
7. Silicone sleeve replacements for all artificial limbs	R20 000 (once per year)
8. Back brace following surgical procedures	R25 000 (once per year)
9. Walking aids	R2 660 (once per year)

## ANNEXURE C: INTERNAL PROSTHESES

Prosthesis	Sub-limit	Combined annual sub-limit
1. Cardiac stents (per stent) up to a maximum of three	R25 650	R77 000 per beneficiary per year
2. Cardiac valves (per valve)	R37 500	
3. Grafts (per graft)	R28 500	
4. Hernia mesh	R11 000	
5. Partial hip replacement	R36 000	
6. Total hip replacement	R67 760	
7. Hip revision	R50 000	
8. Total knee replacement	R61 300	
9. Knee revision	R45 000	
10. Partial knee replacement	R30 000	
11. Pacemaker and leads	R44 000	
12. Total shoulder replacement	R57 200	
13. Cervical and lumbar disc replacements	R30 000	
14. Spinal fusion (per procedure)	R55 660	
15. Non-specified items	R25 000	
16. Brain stimulator	R200 000	Per beneficiary per year
17. Endovascular aneurysm repair (EVAR), Anaconda and equivalents	R280 000	Per beneficiary per year
18. Pacemaker plus defibrillator	R280 000	Per beneficiary per year
19. Pacemaker (double chamber)	R120 000	Per beneficiary per year
20. Transcatheter aortic valve implantation (TAVI)	R280 000	Per beneficiary per year

**Please note:** These prostheses are only reimbursed for **PMB<sup>6</sup> conditions** on ALL benefit plans

## EX GRATIA

Ex gratia is an additional financial benefit that members can apply for when they experience financial hardship related to unforeseen medical expenses.

### What you need to know about the application process

- The submission of an ex gratia application is not a guarantee that assistance will be granted.
- The committee won't consider any advance payment of medical treatment.
- Members are requested to provide full details of the financial assistance required, including cost involved and motivation for the necessity of expenses.
- The ex gratia committee meets once a month.
- A reply to your application could take up to 30 days and the decision will be issued in writing.
- The decision of the committee is final and no further correspondence regarding the application will be considered once the decision has been announced.

An application form can be obtained from [www.transmed.co.za](http://www.transmed.co.za) or from the customer service department on **0800 450 010**.

#### How to submit your application

Email: [exgratia@transmed.co.za](mailto:exgratia@transmed.co.za)

Post: Ex Gratia Committee, PO Box 2269, Bellville 7535

## HOSPITALISATION

### LINK PLAN

All management and authorisations will be provided by Universal Healthcare. Major medical cover is unlimited for PMB<sup>6</sup> admissions when obtained from a State hospital. Admissions for non-PMB conditions, even at a State facility, will be treated as a private admission for the member's own account.

All hospitalisation is provided through State hospitals. **The co-payment<sup>7</sup> for the voluntary use of a non-DSP hospital is the amount equal to the difference between the total cost incurred in respect of the hospital admission, including all related medical services, and the cost that would have been payable to the DSP<sup>11</sup> (State hospital).** If a State hospital is not accessible in terms of the set criteria, authorisation will be considered for admission to a hospital on the Universal Healthcare private hospital network<sup>19</sup> as the secondary DSP<sup>11</sup>.

Members on the **Link plan** can use a private hospital in the following situations, subject to pre-authorisation:

- In case of a medical emergency or when immediate medical or surgical treatment for a PMB<sup>6</sup> condition was required and could not reasonably be obtained from the DSP<sup>11</sup> (State hospital). An emergency is defined in terms of the Medical Schemes Act and the rules as the sudden and, at the time, unexpected onset of a health condition that requires immediate medical or surgical treatment, where failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place a person's life in serious jeopardy or trauma.
- In cases where the required service or procedure is covered by the Fund at the DSP<sup>11</sup> (State hospital), but is not reasonably available at the time or could not be provided without an unreasonable delay. In such cases, members should use hospitals that form part of the Universal Healthcare private hospital network<sup>19</sup>.
- Emergency admissions related to accidents or trauma (motor vehicle/bike/pedestrian) will be covered in the Universal Healthcare private hospital network<sup>19</sup>, subject to authorisation within 48 hours of the accident or trauma.
- PMB<sup>6</sup>-related admissions for children between the ages of one and 12 will be covered in Universal Healthcare private hospital network<sup>19</sup> hospitals.

- The following non-PMB-related procedures in Universal Healthcare private hospital network<sup>19</sup> hospitals will be covered:
  - functional endoscopic sinus surgery
  - tonsillectomies and adenoidectomies
  - sterilisations
  - strabismus (squint eye) repair
  - vasectomies.

## SELECT PLAN

Major medical cover is unlimited for PMB<sup>6</sup> and non-PMB-related admissions when obtained from a State hospital.

Private hospitalisation is limited to certain PMB<sup>6</sup> conditions and procedures where the State cannot provide the service or where the Fund has contracted a private provider to deliver the service. Such admissions must be pre-authorised in order to confirm the availability of benefits.

All hospitalisation is provided through State hospitals. **The co-payment<sup>7</sup> for the voluntary use of a non-DSP hospital is the amount equal to the difference between the total cost incurred in respect of the hospital admission, including all related medical services, and the cost that would have been payable to the DSP<sup>11</sup> (State hospital).** If a State hospital is not accessible in terms of the set criteria, authorisation will be considered for admission to a hospital on the Transmed private hospital network<sup>12</sup> as the secondary DSP<sup>11</sup>.

Members on the **Select plan** can use a private hospital in the following situations, subject to pre-authorisation:

- Maternity
- In case of a medical emergency or when immediate medical or surgical treatment for a PMB<sup>6</sup> condition was required and could not reasonably be obtained from the DSP<sup>11</sup> (State hospital). An emergency is defined in terms of the Medical Schemes Act and the rules as the sudden and, at the time, unexpected onset of a health condition that requires immediate medical or surgical treatment, where failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place a person's life in serious jeopardy.
- In cases where the required service or procedure is covered by the Fund at the DSP<sup>11</sup> (State hospital), but is not reasonably available at the time or could not be provided without an unreasonable delay. In such cases, members should use hospitals that form part of the Transmed private hospital network<sup>12</sup>.
- PMB<sup>6</sup>-related admissions for children under 12 will be covered in Transmed private hospital network<sup>12</sup> hospitals.
- Admissions for medical emergencies, accidents or trauma will be covered in Transmed private hospital network<sup>12</sup> hospitals.
- Certain admissions for dental procedures.
- Admissions for the following non-PMB-related procedures in Transmed private hospital network<sup>12</sup> hospitals will be covered:
  - functional endoscopic sinus surgery
  - grommets
  - tonsillectomies and adenoidectomies
  - sterilisations
  - vasectomies
  - strabismus (squint eye) repair.

- Admissions for psychiatric treatment.
- Admissions for cataract surgery.
- Admissions related to cancer treatment.

**When will members on the Link and Select plans be liable for the cost of using a private hospital?**

- When the service or procedure is not covered by the Fund, the member will be liable for the full account.
- When the member opts to use a private hospital for a service or procedure that is available at the DSP<sup>11</sup> (State hospital), the member will be liable for a co-payment<sup>7</sup> equal to the difference between the fees charged and the equivalent cost that would have been payable to the DSP<sup>11</sup> (State hospital).

**Co-payment<sup>7</sup> for the voluntary use of a non-DSP hospital**

The co-payment<sup>7</sup> for using a private hospital (non-DSP) could be very high. Contact the care managers, who will gladly guide you to an appropriate hospital that will assist you in keeping your portion of the cost as low as possible.

The following is an **example** of the impact the cost of using a private facility voluntarily can have on members.

Facility	Total admission cost
State hospitals	R15 000
Transmed private hospital network <sup>12</sup> or Universal Healthcare private hospital network <sup>19</sup> facilities	R28 000
Other private hospitals	R32 000

Based on the table above, the impact on the member will be as follows:

- If a member uses a State hospital, the total admission cost of R15 000 will be covered by the Fund.
- If a member voluntarily uses a private hospital for a service or procedure that was available at a State hospital, cover for this type of admission is limited to R15 000 and the member will be liable for payment of any shortfalls directly to the hospital and other providers.
- If a member uses a Transmed private hospital network<sup>12</sup> or Universal Healthcare private hospital network<sup>19</sup> facility on a voluntary basis, the member will be liable for a co-payment<sup>7</sup> equal to the difference between the total admission cost at a State hospital and at a Transmed private hospital network<sup>12</sup> or Universal Healthcare private hospital network<sup>19</sup> facility (R28 000 – R15 000 = R13 000).
- If a member uses any other private hospital on a voluntary basis, the member will be liable for a co-payment<sup>7</sup> equal to the difference between the total admission cost at a State hospital and any other private hospital (R32 000 – R15 000 = R17 000).

**Please note that the above is only an example of the calculation of a co-payment<sup>7</sup> and is not based on a specific case or an indication of the difference in cost in an actual case.**

## MAJOR MEDICAL BENEFITS AT PRIVATE FACILITIES FOR THE LINK AND SELECT PLANS

The following services may be obtained at private facilities, subject to compliance with certain criteria:

- dialysis
- cancer treatment
- radiation therapy
- PMB<sup>®</sup>-related services that some State hospitals are unable to provide.

The following criterion applies:

- Pre-authorization must be obtained for the services above:
  - Select Plan: **0800 225 151**
  - Link Plan: **0861 686 278**.

The following benefit limit applies:

- Oncology (cancer) benefits are restricted to tier 1 of the South African Oncology Consortium (SAOC) guidelines.

## BELLY BABIES FOR ALL PLANS

### **Belly Babies antenatal course**

Belly Babies is an online antenatal course made up of over 50 concise educational videos. Their goal is to provide expecting parents with expert antenatal and post-natal support while in the comfort of your own home. Consultants will help you quickly and conveniently prepare for a happy pregnancy, a safe birth and a wonderful time bonding with your newborn. Keep a lookout for the email with your login details to access the course.

### **Video-based Belly Babies Lactation Consultations**

Belly Babies Lactation Consultations are here to help you and your baby thrive during your time breastfeeding. Experienced consultants can meet you on an online video platform to assist you with your specific challenges in establishing and maintaining a happy breastfeeding routine. Whether you are struggling to produce enough milk, have painful nipples or are worried about returning to work, skilled consultants are ready to assist. Let them assist you in giving your baby the best start in life!

To access this consultation, please visit [www.bellybabies.co.za](http://www.bellybabies.co.za), select 'Book lactation consult', follow the steps and enter your voucher code to make a booking.

# HEALTH ADVISOR – HELLO DOCTOR FOR ALL PLANS

## Talk to a doctor on your phone, anytime, anywhere – for free.

As a Transmed member, you get free access to Hello Doctor, a mobile phone-based service that gives you access to a doctor 24 hours a day, seven days a week. You can get expert health advice from qualified South African medical doctors through your phone, tablet or computer, at absolutely no cost to you! Just download the app, request a call and the doctor will phone you back within an hour.

### The following Hello Doctor platforms are available to access this service:

#### The website at [www.hellodoctor.co.za](http://www.hellodoctor.co.za):

You can log in to your personal profile on the Hello Doctor website using your access details and request a call back or simply send a text message to a doctor.

#### The app:

Download the Hello Doctor app by visiting the Apple App or Google Play stores. You can sign in using your access details and request a call back or send a text message to a doctor.

#### Unstructured supplementary service data (USSD):

You can dial \*120\*1019# from your mobile phone and follow the menu prompts to request a call back from a doctor or send a text message to the number that they provide.

# ONCOLOGY (CANCER) TREATMENT FOR THE SELECT PLAN

The DSP<sup>11</sup> for oncology (cancer) treatment is the Independent Clinical Oncology Network (ICON<sup>15</sup>) of private oncologists. Should a member consult an oncologist outside this network, a 20% co-payment<sup>7</sup> will be applicable to all services received from the non-network oncologist. The Transmed oncology network is the contracted DSP<sup>11</sup> for oncology (cancer) medication.

Pre-authorisation must be obtained for these services on **0800 225 151**. Please note that reference pricing<sup>5</sup> is applicable to oncology (cancer) medication.

Link plan members must please contact Universal on **0861 686 278** for benefit information.

# CATARACT SURGERY FOR ALL PLANS

The Fund has a contract with the Ophthalmology Management Group (OMG<sup>18</sup>) Limited for cataract surgery. The Fund reimburses the providers with a global fee for cataract surgery.

### The global fee covers the following:

- the procedure, surgeon and anaesthetist's fees, equipment hire and hospital account; and
- the related post-operation consultation (within one month of the procedure).

#### Select plan

If an OMG<sup>18</sup> provider is accessible and the member voluntarily uses another provider at a private facility, the member will be liable for a 20% co-payment<sup>7</sup> on the total cost of the procedure. In addition to cataract surgery, the following services will be covered, subject to pre-authorisation:

- the consultation during which the diagnosis is made and confirmed
- the relevant tests performed to make the diagnosis, as per the applicable algorithm
- medication administered as part of the procedure, as per the applicable algorithm
- any other indicated services, as per the applicable algorithm.

#### Link plan

If an OMG<sup>18</sup> provider is accessible and the member voluntarily uses a non-DSP, the member will be liable for a co-payment<sup>7</sup>. The co-payment<sup>7</sup> will be the amount equal to the difference between the total cost incurred in respect of the hospital services, including all related medical services, and the cost that would have been payable to the DSP<sup>11</sup> (State hospital).

## PRESCRIBED MINIMUM BENEFITS (PMBs)

In terms of healthcare legislation, all medical schemes must provide benefits for certain conditions within prescribed guidelines. These benefits are known as PMBs and consist of the following:

- **The 270 diagnosis and treatment pairs (DTPs) PMBs - hospital PMBs**  
These are conditions for which schemes need to provide a benefit in hospital, as well as out-of-hospital diagnosis and treatment.
- **The 26 chronic disease list (CDL) PMBs - chronic PMBs**  
These are conditions for which schemes need to provide chronic condition treatment.

## CHRONIC MEDICATION

### What is a chronic condition?

A chronic condition is a disease that requires life-sustaining medication to be taken continuously for extended periods – normally for longer than three months. Examples of chronic conditions include: diabetes, asthma, high blood pressure (hypertension), epilepsy, cardiac failure, high cholesterol (hyperlipidaemia), Parkinson’s disease, thyroid dysfunction and rheumatoid arthritis.

### What is a chronic medication formulary?

A chronic medication formulary is a list of medication for chronic conditions that is approved by the Fund. The list is compiled to ensure that you receive the most appropriate, cost-effective and safest treatment for your chronic condition.

### What is the chronic disease list (CDL)?

The CDL includes 26 common chronic conditions and medical schemes have to provide cover for the diagnosis, treatment and care of these conditions.

## Chronic conditions covered

### PMB chronic disease list (CDL) – chronic PMBs covered on all plans

- Addison’s disease
- Asthma
- Bipolar mood disorder
- Bronchiectasis
- Cardiac (heart) dysrhythmias
- Cardiac (heart) failure
- Cardiomyopathy disease
- Chronic obstructive lung disease
- Chronic renal disease
- Coronary artery disease
- Crohn’s disease
- Diabetes insipidus
- Diabetes mellitus type I
- Diabetes mellitus type II
- Epilepsy
- Glaucoma
- Haemophilia
- Hyperlipidaemia (cholesterol)
- Hypertension
- Hypothyroidism
- Multiple sclerosis
- Parkinson’s disease
- Rheumatoid arthritis
- Schizophrenia
- Systemic lupus erythematosus
- Ulcerative colitis

### PMB diagnosis and treatment pairs (DTPs) – hospital PMBs with chronic component covered on all plans

- Aplastic anaemia
- Benign prostatic hypertrophy
- Cardiac arrhythmias
- Cerebrovascular disorders (stroke)
- Cushing’s disease
- Delusional disorders
- Depressive mood disorder
- Endometriosis
- Glomerular disease
- HIV/AIDS
- Hyperthyroidism
- Hyperparathyroidism/Hypoparathyroidism
- Menopausal syndrome
- Motor neuron disease
- Muscular dystrophy
- Pancarditis
- Paraplegia/Quadriplegia
- Pemphigus
- Peripheral arteriosclerotic disease
- Pituitary adenoma
- Polycystic ovarian disease (PCOS)
- Polyarteritis nodosa
- Pulmonary hypertension
- Sarcoidosis
- Thromboangiitis obliterans (TAO)
- Thrombocytopenia purpura
- Tuberculosis
- Valvular heart disease
- Venous thromboembolism

Additional benefits for medical management of CDL conditions will be provided through a generic treatment plan for Select plan members.

## Summary of designated service providers (DSPs) for chronic and oncology medication and formularies

Benefits	Link Plan	Select Plan
<b>Chronic medication DSPs</b>	Universal pharmacy network <ul style="list-style-type: none"> <li>• Clicks pharmacy group</li> <li>• Dis-Chem pharmacies</li> <li>• MediRite pharmacy group (pharmacies in Shoprite/Checkers stores)</li> <li>• Contracted independent pharmacies</li> </ul>	Transmed pharmacy network <sup>13</sup> <ul style="list-style-type: none"> <li>• Clicks pharmacy group</li> <li>• Dis-Chem pharmacies</li> <li>• MediRite pharmacy group (pharmacies in Shoprite/Checkers stores)</li> <li>• Contracted independent pharmacies</li> </ul>

## MEMBERSHIP

Transmed Medical Fund is a medical scheme that is open to employees and pensioners of the Transnet Group, its subsidiaries and former subsidiaries.

### Dependants

In terms of the Fund's rules, the following persons may be registered as dependants, provided that they are not a member or a registered dependant of a member of any other medical scheme.

### Your spouse

This refers to a member's wife, husband or partner. If you are divorced, your former spouse cannot be registered as a dependant.

### Your immediate family/spouse's immediate family

This refers to a parent, brother or sister in respect of whom the member/spouse is liable for family care and support.

### Your children

This refers to a member's natural child, stepchild, a legally adopted child, an illegitimate child, a child in the process of being legally adopted or placed in foster care, a child for whom the member has a duty of support or a child placed in the custody of the member or his/her spouse or partner.

### Note the following:

- Child dependant contributions are payable for a maximum of four dependants.
- Child dependants older than 21 who are studying full- or part-time and are financially dependent on the member will pay child dependant contributions until the age of 24 (proof of registration at an accredited institution will be required).
- Dependants older than 21 (or 24 in the case of studying children) who are financially dependent on the member will pay adult dependant contributions.

### Dependants of deceased members

The dependants of a deceased member, who are registered with the Fund as dependants at the time of the member's death, will be entitled to membership of the Fund without any new restrictions, limitations or waiting periods.

### Membership amendments

A member must complete a membership amendment form and submit it to the Fund

within 30 days of the change in the following instances:

- when you register/cancel the membership of dependants
- when a member divorces his/her spouse
- when registered dependants no longer qualify as dependants
- when there are any changes to a member's residential and/or postal address, email address, cell phone number or other telephone numbers and banking details.

### Continuation of membership

Members will retain their membership of the Fund with their registered dependants, if any, in the event that they retire from the employment of the employer or if employment is terminated by the employer on account of age, ill health or another disability.

The Fund will inform the members of their right to continue membership and of the contribution payable from the date of retirement or termination of their employment. Unless members inform the Fund in writing of their desire to cancel their membership, they will continue to be members of the Fund, subject to the rules.

### Termination of membership

#### Ceasing employment

When members terminate their employment with a participating employer, membership will continue until the last day of the calendar month in which employment is terminated, provided that the full contribution due is paid to the Fund.

#### Resignation

Members may terminate their membership by giving one calendar month's written notice. This will also terminate the membership of their registered dependants. All rights to benefits will cease except for claims in respect of services rendered prior to resignation.

#### Waiting periods

The Fund applies a waiting period, which is often referred to as underwriting. The rules of the Fund stipulate two types of waiting periods to be imposed when a member/dependant joins the Fund:

1. a general waiting period of three months
2. a condition-specific waiting period of 12 months for certain pre-existing conditions (e.g. nine months for an existing pregnancy).

## Late-joiner penalties

Medical schemes can impose late-joiner penalties on individuals who join after the age of 35 and who have never been members of, or haven't belonged to, a medical scheme for a specified period of time. Depending on the number of years that they have not belonged to a medical scheme, late-joiner penalties will be added to members' monthly contributions. It is calculated as a percentage of the contribution and can range from 5% to 75%. Late-joiner penalties are applied to discourage members from only joining medical schemes when they are older or ill, as this will make medical schemes unaffordable.

## How to claim

All accounts must reach the Fund not later than the last day of the fourth month following the month in which the services were rendered. Claims received after this date will not be paid.

### Ensure that all accounts contain the following details:

- Your membership number
- Your initials and surname
- The patient's name and dependant code as it appears on the principal member's membership card
- The date on which the service was rendered
- The name and practice number of the healthcare provider
- The referring healthcare provider's practice number (on specialist accounts)
- The tariff code(s)
- The required ICD-10 code(s)
- The patient's ID number or date of birth

### How to submit your claim

Email: [claims@transmed.co.za](mailto:claims@transmed.co.za)  
Post: Transmed Claims  
Department  
PO Box 2269  
Bellville  
7535

## Update your banking details

Fraud risk has forced Transmed to stop any refunds to members by cheque. It is therefore of the utmost importance that you ensure your banking details are updated with the Fund. If you have not received a refund in the past year or if your banking details have changed recently, you must ensure that the updated details reach Transmed within 30 days of the change, as stipulated in the Transmed rules. The Fund will not be liable if the member has neglected to follow this rule and money is deposited into an incorrect bank account.

To update your banking details, the following information is required:

- a copy of your ID; and
- a bank account statement or letter from the bank with a bank stamp as confirmation (not older than three months).

**Please remember to include your membership number in the communication.**

## Complaint and dispute resolution process

Transmed takes pride in delivering excellent service and strives to have open communication with its members. Please note that there is a formal complaint and dispute resolution process that can be followed when you are dissatisfied with services rendered by the Fund. Any enquiry must first be directed to the Administrator of the Fund. This can be done by calling the customer service department toll free on **0800 450 010** or by sending an email to [enquiries@transmed.co.za](mailto:enquiries@transmed.co.za).

Should you not be satisfied with the response to your enquiry, you can email [complaints@transmed.co.za](mailto:complaints@transmed.co.za). Should you still not be satisfied with the response to your enquiry, you can direct your complaint to the Fund at [fundmanagement@transmed.co.za](mailto:fundmanagement@transmed.co.za).

If your complaint is still not resolved, you can contact the Regulator, who will evaluate your complaint as an independent entity.
